CAREER OBJECTIVE 🎯

I am proficient in both Android Development and Flutter Mobile Development. As a highly motivated and skilled developer, my goal is to leverage my passion for mobile apps development and my proficiency in Java/Kotlin/Dart to contribute my expertise in creating innovative and user-friendly mobile apps.

I am eager to work in a dynamic and collaborative environment where I can enhance my technical skills and solutions. With a strong focus on code quality, performance, and usability, I aim to be an integral part of a forward-thinking team dedicated to building high-quality mobile applications.

TECHNICAL SKILLS 📇

Mobile Development :	Android Developent, Flutter Development
Programming Language :	Kotlin, Dart, Java
App Deployments :	Firebase, CI/CD Pipeline, Google PlayStore, AppStore
Code Architecture :	Clean Architecture, MVVM, MVP (*Android*)
	BLOC Pattern, GetX (*Flutter*)
Others :	Jetpack Compose, Biometric, Dagger
	App Security & Integrity (RASP)
